

Video Security in Use

Corner Brook Regional High supports safe and caring learning environments for all of our students, staff and visitors. Supervision is provided at all times that students are in school and to support our efforts during and beyond the school day we have also installed a video security system. We have video cameras at several locations within and outside our school to assist in keeping our students, staff and property safe. Our cameras are in operation 24 hours daily.

If you have questions regarding the use of video security systems by our school please contact Mr. Aiden Chaytor, Vice-Principal at 634-5258 ext. 256 or by email at aiden.chaytor@wnlsd.ca. The Western School District policy on the use of video security systems is available at www.wnlsd.ca.

The legal authority for the use of video security systems derives from the *Schools Act* and the use, security and disclosure of personal information collected on video falls under the *Access to Information and Protection of Privacy Act*.
